We Shall Do No More Wall Papering

So Drastic Price Reductions Mark This Wall Paper Clearance

We have decided to discontinue this branch of our business. Every paper is marked at cost, and you may secure Choicest Patterns in the Height of Season.

"There is absolutely nothing in the world that some man cannot make a little worse and sell a little cheaper; and the people who consider price only are this man's lawful prey." This paragraph impresses us as such a good reason against bargain hunting that we quote it.

Buy honestly constructed, life-time furniture and furnishings and you will not be caught by the "bargains" that only too often prove very expensive.

We have inexpensive good furniture and we have the highest types of the cabinetmaker's art at prices commensurate with their quality—but not a single piece is "high priced" in the usual sense of that term.
